Dear Paul,

Jesse Curry seems to have done a book. I do not know the name. It is unknown and not available locally and a friend who has inquired at the largest bookstores in Washington was unable to get it or learn anything about it.

He plugged it a couple of weeks ago on the David Frost show. I believe he also appeared on Dallas TV.

If you can get me a copy of the book, and if you, by any chance, have copies of the transcripts of his remarks, I'd appreciate them. Someone who saw the Frost show quotes him as having said (quite accurately, in understatedly), that there never was any proof Oswald was in that sixth-floor window.

Thanks for anything you can do.

Sincerely,

Harold Weisberg
